

Shupper-Brickle Equipment, a Central New Jersey manufacturer and distributor of industrial equipment, has immediate openings for **Industrial Service Technicians** to repair, inspect, and install cranes and hoists.

Duties:

- Inspection of overhead hoists and cranes to meet OSHA standards
- Installation of crane systems, hoists, and other overhead material handling equipment.
- Troubleshoot breakdowns for mechanical and electrical problems.
- Evaluate, repair, and perform scheduled maintenance on various types of material handling equipment.
- Deal directly with customers on installations, repairs, and deliveries.

Qualifications:

- Valid Drivers License required
- High School Diploma or equivalent
- Minimum 2+ yrs experience with equipment or mechanical repair
- Must be able to work with minimal supervision and maintain project documentation
- Have excellent communication skills for direct contact with our customers
- **All applicants must have outstanding references**

Preferred:

- Specific hoist/crane experience highly preferred
- Welding or machining experience a plus

This position is based in Dayton, NJ, but will normally require traveling to the customer's location. **Relocation assistance is available for the right candidate.**

We offer a competitive salary/benefits package, opportunities for overtime hours, and 401k retirement plan with company match. As a growing company, we can offer many opportunities to expand your experience, and due to the customized nature of our business, our projects are varied and challenging.
